I wonder what might be the reasons students are below expectations, and what if I made these changes to improve the outcomes? Please only consider the changes you have control over. Are additional resources needed? If so, please describe using the Resource Request link.	Reflection	Anonymous	Had a surprising number of no shows to the final presentation. I wonder if it would be better to the SLO assessment on a different day than the final. I think some students may be calculating their grade with a 0 on the presentation and then deciding it is not worth enough points to show up for. Or I could just increase the point value too.	2017-08-02	
APP >> Economics >> ECON2120 >> Section 30 - Spring 2017					
I wonder what might be the reasons students are below expectations, and what if I made these changes to improve the outcomes? Please only consider the changes you have control over. Are additional resources needed? If so, please describe using the Resource Request link.	Reflection	Anonymous	The students performed well in this section. I wonder if I could make a more nuanced rubric that would better measure the work of offline students.	2017-08-02

Reflection	Anonymous	I wonder if in addition to having the ability to choose their own topic, if students were given a list of 3-4 approved topics they could choose from, certain students that are struggling might improve by getting started down the right path.	2017-08-03
