SOC >> Administration of Justice >> ADMJ1501 >> Section 40 - Spring 2016					
Briefly describe where your students demonstrated strengths in their learning.	Reflection	Anonymous	Students reacted well to practical application, but there was less engagement with theory or general knowledge and discipline foundations. I believe this is because there is a lacking context of what they may deal with or need to understand in a future career in the criminal justice industry.	2016-07-26	
Briefly describe where your students demonstrated gaps in their learning.	Reflection	Anonymous	As mentioned above, the majority of students could reflect practical knowledge gained from class or other sources (pop-culture or media), but they struggled this semester in applying critical thinking to new concepts and their previous understandings.	2016-07-26

Briefly describe where your students demonstrated strengths in their learning.	Reflection	Anonymous	This is a very broad topic, students did very well in general terms of criminal investigations. They demonstrated that they understand the role of the investigator in the criminal justice system and a general understanding of how investigators work various types of investigations. They really seemed to excel when we conducted a staged crime and scene.	2016-05-20	
Briefly describe where your students demonstrated gaps in their learning.	Reflection	Anonymous	Students seemed to have the most difficulty when it came to specific laws and how they applied to criminal investigators and actions while conducting an investigation. I spent a lot of time explaining and reviewing constitutional rights, something they typically should have covered before taking this course.	2016-05-20

I also conducted a midterm and final concentrating on specific terms the class learned. Their final project culminated the course by having them locate, investigate and complete a report on a cold case of their choosing.	2016-05-20
