SOC >> Sociology >> SOC2110 >> Section 21 - Fall 2016					
Briefly describe where your students demonstrated strengths in their learning.	Reflection	Anonymous	The response I received from the movies showed me that students have a better understanding of the extent of prejudices and discrimination that exist for various minority groups. Additionally, they showed a clearer understanding of the characteristics sociologists use to identify minority groups.	2016-12-21	

Expected Action	Action Type	Respondent	Action Taken	Date	Resource Request
Briefly describe where your students demonstrated gaps in their learning.	Reflection	Anonymous	Some students seemed to continue to struggle with writing. This seems to be an ongoing challenge with some students. In spite of the fact that I spend hours grading and marking papers to show students where changes need to be made, they do not seem to implement suggested changes. I believe this is because they see the grade and don't bother to open the attachments showing my comments and recommendations.	2016-12-21	
What additional information did you glean from your findings?	Reflection	Anonymous	0	2016-12-21	
What methods of authentic assessment did you employ to determine SLO results for your students?	Reflection	Anonymous	The discussions continue to be a good way to determine SLOs for students. Discussions require students to read and then discuss the topics with their peers. This shows me whether they are fully grasping the concepts and terms they are reading. If I am unable to reach a student, I find that frequently a peer has a way to explain something that helps a particular student understand challenging terms or concepts.	2016-12-21	
How might your findings relate to program improvement?	Reflection	Anonymous	My findings continue to show that the current textbook is too dense for young, undergraduate students. I need to supplement quite a bit with other outside material to reach students at their level.	2016-12-21	
What professional development activities would assist you in improving your course or program?	Reflection	Anonymous	More sociology conferences.	2016-12-21	
What types of assistance outside of the classroom would benefit the students in mastery of the SLOs, ie tutoring, workshops, resources in the library, from student services, etc?	New Resources	Anonymous	The movies I showed in class really seemed to assist students in mastering the SLOs. I believe this is a good source and I will continue to add to my library of movies based on real life situations.	2016-12-21	
Please list any additional technology or resources would improve SLO results?	New Resources	Anonymous	Nothing at this time; I am challenged enough learning to transition from Etudes to Canvas LMS.	2016-12-21	
What types of changes within your course do you think would assist your students in mastery of the SLOs?	Faculty Proposed Actions	Anonymous	0	2016-12-21	
What dialogue do you plan to have regarding your findings?	Faculty Proposed Actions	Anonymous	Dialogue?	2016-12-21	
SOC >> Sociology >> SOC2110 >> Section 41 - Fall 2016					
Briefly describe where your students demonstrated strengths in their learning.	Reflection	Anonymous	Students showed greater knowledge and understanding of how sociologists identify minority groups.	2016-12-21	
Briefly describe where your students demonstrated gaps in their learning.	Reflection	Anonymous	When identifying the 5 characteristics sociologists use to identify minority groups the "social conscious unit" or social solidarity continued to be a struggle.	2016-12-21	
What additional information did you glean from your findings?	Reflection	Anonymous	0	2016-12-21	
What methods of authentic assessment did you employ to determine SLO results for your students?	Reflection	Anonymous	Rubrics	2016-12-21

What professional development activities would assist you in improving your course or program?	Reflection	Anonymous	Attend more sociology conferences.	2016-12-21	

Expected Action	Action Type	Respondent	Action Taken	Date	Resource Request
What types of assistance outside of the classroom would benefit the students in mastery of the SLOs, ie tutoring, workshops, resources in the library, from student services, etc?	New Resources	Anonymous	I have found the movie reviews go far in helping students go beyond the textbook to get a better understanding of the types of prejudice and discrimination that exist in the world. I will continue to use movies and perhaps supplement with short video clips when I am able to find them.	2016-12-21	
Please list any additional technology or resources would improve SLO results?	New Resources	Anonymous	Nothing. I have my hands full learning Canvas LMS.	2016-12-21	
What types of changes within your course do you think would assist your students in mastery of the SLOs?	Faculty Proposed Actions	Anonymous	A new textbook would go far in presenting the material in a more student-friendly manner. Because that is not something I have control over, I can supplement with videos and material that I find outside of class to supplement and help learning and understanding.	2016-12-21	
What dialogue do you plan to have regarding your findings?	Faculty Proposed Actions	Anonymous	Dialogue?	2016-12-21
