- Men's Soccer
- Men's Baseball
- Women's Soccer
- Women's Volleyball
- Women's Basketball
- Women's Softball

Program Highlights

Taft College offers 37 Associate Degrees and 24 Certificates leading to transfer or employment, along with a specialized, unique program entitled the Transition to Independent Living Program (TIL) designed to prepare students with intellectual disabilities to live independently. In accordance with Senate Bill 1440, the Student Transfer Achievement Act, the College offers six "Associate Degree for Transfer" degrees with four additional degrees in development. The six degrees currently being offered are in Art History, History, Psychology, Studio Arts, Early Childhood Education, and Sociology. The degrees currently in development are Criminal Justice Administration, Business Administration, Mathematics, and English. These degree options facilitate ease of transfer to four year universities and thereby enhance student success in achieving their educational goals.

The College's Dental Hygiene Program is now celebrating its twentieth year in the rigorous preparation of students entering the dental hygiene field. The program is fully accredited by the American Dental Association. Over the past eighteen years, over 98% of the Taft College Dental Hygiene students have passed the state board licensure exam.

The Taft College Foundation is dedicated to supporting student success through fund raising and development of community relationships. The Foundation secures over \$300,000 annually through corporate and individual giving. In 2013-14, the Foundation is hosting the West Kern Petroleum Summit, a one-day conference focused on the economic outlook and workforce needs of the petroleum industry in Kern County. The Summit is linked to the Taft College Energy Technology Program which prepares students to enter employment in the petroleum industry, one of the major industry sectors in Kern County.
