A barrier I found was that many students were not actually reading the module instructions or the syllabus. What I would try next semester is to make the instructions easier by using steps or bullets and then play a syllabus search game or syllabus quiz.	2022-01-03

Reflection	Anonymous	I wonder if some of these students were plugging along until the 60% mark of the semester for financial aid reasons. They were participating and then suddenly stopped. They did not respond to individual messages. I wonder what other ways I can encourage course attendance and successful completion?	2022-01-10

They did not respond to individual messages. I wonder what other ways I can encourage course attendance and successful completion? I was enlightened learning more about the 60% marker for financial aid and wonder how I can further encourage and motivate students to stay the course?	2022-01-10
