I wonder what might be the reasons students are below expectations, and what if I made these changes to improve the outcomes? Please only consider the changes you have control over. Are additional resources needed? If so, please describe using the Resource Request drop down.	Reflection	Anonymous	It appears that the bulk of those students who fell below expectations, with few exceptions, began the course but quickly lost interest or were for some reasons unable to continue. The number of those who have fallen into this category seems atypical and may be the result of recent issues regarding the pandemic. I had sent emails addressing my concerns early on but received no responses indicating that circumstances beyond generalized disinterest. Those students who felt the course was of little or no interest dropped officially. If it is generalized disinterest I think it may be important to provide more video/ face to face time earlier on to answer specific concerns about the course or to help alleviate some of the anxieties associated with the rigors (reading) associated with History courses.	2022-01-26
