Reflection	Anonymous	This section was quite active in their class discussions and overall course participation. I wonder if this had anything to specifically do with this course being right after lunch? (This was a 1:10-2:25 course).	2022-08-15

Are additional resources needed? If so, please describe using the Resource Request drop down.	Reflection	Anonymous	As a result of all of the enrolled students not being included within this sample, the data results are less than accurate. One student in this sample never attended the course and was dropped by the instructor. Another had a family emergency the last two weeks of the semester. Several others, that were quite successful in this course, were not listed within the evaluation score sheet student listing.	2022-08-15

Are additional resources needed? If so, please describe using the Resource Request drop down.	Reflection	Anonymous	The first 4 weeks were on-line and some students lost ground because of the format change. Once we were back in person there was just too much of a learning/practice deficit for some of the students keep pace. Additionally, people were in and out of class sessions because of COVID quarantine protocols. I'm just thrilled that so many were able to meet the standards.	2022-08-29

Are additional resources needed? If so, please describe using the Resource Request drop down.	Reflection	Anonymous	This section is the dual enrollment offering located on the high school campus. The roster is partially correct. This section was face-to-face for the full semester unlike the sections offered on the college campus (moved to on-line for the first 4 weeks). The contrast among this section and the other two sections taught by me really highlights, in my opinion, the impact of the moving PSYC 2200 to an on-line format. The same pattern was seen when providing the course fully on-line for the semester.	2022-08-29	
SOC >> Psychology >> PSYC2200 >> Section 41 - Spring 2022					
I wonder what might be the reasons students are below expectations, and what if I made these changes to improve the outcomes? Please only consider the changes you have control over. Are additional resources needed? If so, please describe using the Resource Request drop down.	Reflection	Anonymous	I think the use of some external tool or resource where students can get additional assistance would be ideal. In a perfect world, this type of class (PSYC 2200) would NEVER be offered in an asynchronous format again.	2022-05-23
